Cedarapids® Modular Plants

MC320 Cone Module

The MC320 cone module features the 300 hp TG320 spider bearing cone on the same universal base structure as the MC and MV Series modular lines. The pre-engineered solution can be easily transported in standard containers and can be assembled on-site quickly with minimal wiring. The bronze bushing technology of the TG320 cone enables the operator to quickly and easily alter the eccentric throw of the cone, on site, simply by rotating the eccentric bushing.

Key Features

- Fast set-up time
- Ease of operation
- On-site assembly with minimal wiring
- Integrates with existing plant configuration
- All electric
- Compact - can be transported in containers and by road
- Robust, weather-protected panels with user-friendly controls
- Galvanized steel structures including walkways, stairs and guard rails
- Extra heavy-duty I-beam frames
- CE-compliant modules, structures and components
- Universal Platform

Controls

- Manual/Automatic one touch startup with start sequencing
- Eriez Metal detector kit

Commonality

- Standard live frame and drive kit with MPS Static/Portable
- Advanced automation control system

Durability

- Fully Galvanized Structure
- All electric
- Heavy Duty Nema Type 12 / IEC60529 Control Panel
- Rock shelves or bolt in liners in high wear areas

Set Up

- Easy assemble and disassemble
- Pre-assembled sections to enable quick set up time and as few lifts as possible from container
- Lift points provided on all parts and assemblies over 50lbs

Transport (Standard Build)

- (1) 40' Standard Open Top Container
- + (1) 20' for Cone Open Top Container

Options

- Overflow Chute
- Electrical Switch Gear
- Off Plant conveyor starter kit
- Ultrasonic Level Control
- Operator working light kit
- Cone Feed Camera kit

Main Components

- Galvanized Modular Structure, steps and guardrails

Specifications

| Model | Maximum Power | Maximum Feed Size* | Basic Crusher Weight | CSS Range | Maximum Capacity |
|--------|------------------|--------------------|-------------------------|---------------------------|------------------------------|
| TG320 | 335 hp 250 kW | 7.5" 190 mm | 33,070 lbs 15,000 kg | 5/16 -1 1/2" 8-38 mm | 419-452 stph 380-410 mtpH |
| TGS320 | 335 hp 250 kW | 13" 330 mm | 42,990 lbs 19,500 kg | 1 1/8 -1 7/8" 29-48 mm | 634-662 stph 575-601 mtpH |

*Maximum Feed Size based on a feed of F₉₅
